

JOB TITLE: Field Technician I *Full Time, Non-Exempt*

GENERAL STATEMENT OF DUTIES:

Working alone and/or with other field technicians, the candidate will serve as a service person for the Company's Liquefied Natural Gas (LNG) systems at client and plant sites throughout the region and/or country. This position requires a well-rounded individual willing to be trained to perform all duties in accordance with prescribed safety, regulatory, and standard operating policies and procedures. The candidate should possess good verbal and written communication skills including good interpersonal skills with internal departments and management. The candidate must also possess mechanical aptitude and willing to travel extensively.

SUPERVISOR: Field Technician Supervisor | **DEPARTMENT:** Operations-Field Services

LOCATIONS: Lake Charles, LA; Galveston, TX; Miami, FL; Long Beach, CA; Greeley, CO

PRIMARY DUTIES AND RESPONSIBILITIES:

Stabilis Solutions retains the right to modify or change the duties or essential functions of the job at any time.

- Maintains and services cryogenic pumping systems, mechanical piping, valves, and pressure relief systems.
- Performs duties related to the maintenance and operation of Mobile LNG equipment, and delivery truck transfers.
- Ensures all company and customer safety and environmental procedures are followed.
- Completes systems operations training and certification sessions as assigned.
- Completes job site specific training as needed.
- Ability to identify components on a piping and instrumentation diagram (P&ID), and locate the items in the field.
- Ability to read, understand and comprehend service and owner manuals, written standard operating procedures (SOPs) and other company documentation.
- Ability to take direction from off-site engineers and technical support staff to successfully troubleshoot problems.
- Follows system commissioning activities, and conducts periodic monitoring and inspection of systems.
- Monitors LNG systems in an outdoor environment, sometimes in adverse weather.
- May assemble and disassemble critical rotating and reciprocating machinery according to layout plans using hand and power tools.
- Ability to read blueprints, diagrams and schematic drawings to determine work procedures.

- Completes Log Out Tag Out (LOTO) procedures on equipment and assure equipment is operable and safe to work on.
- Potential to travel up to 100% of the time.
- Maintains safe and compliant work practices.

QUALIFICATIONS:

- High school diploma or GED. Technical mechanical certification a plus.
- Must possess a valid driver's license, with a safe driving record.
- One year experience in petroleum or chemical industry; LNG and/or cryogenic experience a plus.
- Must have good basic knowledge of mechanical, electrical, pneumatic and hydraulic theory and application and be able to learn, and use manuals and other resources to apply that knowledge in the requirements of the job.
- Experience with cryogenic refrigeration, gas processing, and/or steam preferred.
- Ability to travel up to 100% of the time.
- High level of comfort in safely working on live equipment.
- Experience with lock-out/tag-out procedures.
- Proficient in computer skills, including Microsoft Office software, and the ability to make simple mathematical computations.
- Ability to follow written and oral instructions.
- Ability to be a self-starter and effectively use time management skills.
- Ability to multi-task and prioritize.
- Ability to establish and maintain effective working relationships with other Stabilis employees, and customers.
- Must be able to operate company equipment and vehicles.
- Must be able to identify components on a piping and instrumentation diagram (P&ID), and locate them in the field.
- Ability to read, understand and comprehend service manuals, owner's manuals, written procedures and other company documentation.
- Ability to work independently in demanding oilfield and other industrial environments is critical.
- Ability to use and maintain personal protective equipment (i.e., safety toe boots, hard hat, flame retardant clothing, ear/eye protection, etc.).
- Ability to pass drug screening and occupational medical exam.

WORKING ENVIRONMENT:

- Activities involve standing, sitting, driving, stooping, kneeling, climbing, lifting and carrying, transferring objects, reaching, pushing and pulling. May need to lift up to 75 pounds.
- Field Environment: The climate and/or temperature may be uncomfortable at times, as the majority of the work is performed outside.
- Work is extended hour shifts away from home location. Schedules may vary, but typical shifts/hitches are 10-12+ hour days while on assignment, 16 days on and 12 days off. Assignments/Hitches can vary depending on the job site, the type of project, and customer needs.
- Office equipment will be used including copy machines, telephones, keyboards and computers. Skills and activities require fine motor dexterity, good vision, good hearing and clear speaking.
- Non-smoking and drug free work place.
- Ability to travel to other sites as needed. The company does reimburse for travel if using a personal vehicle – use of company vehicle may also be provided.

DRUG-FREE WORKPLACE STATEMENT:

Stabilis Solutions, Inc. is a drug-free workplace that provides employment opportunities in compliance with all pertinent federal, state and local laws. Our values promote employee participation in the delivery of quality services to our clients and customers. Employees are subject to pre-employment and random drug screens. Medical evaluations are also required.

EQUITY IN THE WORKPLACE:

Stabilis Solutions, Inc. celebrates diversity in the workforce. We welcome applicants of all ages, ethnicities, veteran status, color, genders, sexual orientations, and religions.

WORK SCHEDULE:

The Field Technician position is a full-time position with extended work hours (10-12+ hour days) with some expected overtime. Shift work is typically 16 days on and 12 days off. Assignments/Hitches can vary depending on the job site, the type of project, and customer needs. The Company provides travel and per diem expenses as appropriate for assignments greater than 60 miles from work location.
